

Thank you for your interest in New Mexico Gas Company's Energy Efficiency rebates. Before submitting your rebate application, please review this document carefully to ensure your application is complete and accurate.

Rebate Eligibility

In order to participate:

- You must be a current New Mexico Gas Company's **commercial** customer with an active account number and an annual consumption of 6,500 therms or less.
- The measures **MUST** be installed by an authorized New Mexico Gas Company's Participating Contractor, with the exception of smart thermostats.
- Installed measures must be new (rebates are not offered for used or refurbished products) and must follow the specifications listed in this application.
- The service or measures installation may **NOT** be part of a new construction or addition project.
- The service or measures installation must be completed between April 1, 2026, and March 31, 2027.
- Rebate applications must be received within 30 days of installation or by April 30, 2027, whichever comes first.
- Submitted rebate applications must be complete and include all required documentation and signatures and be submitted online or via email or mail.
- If you rent your business space, the property owner or landlord owner must provide written authorization by submitting a Landlord Authorization form, which can be found at nmgcgetrebates.com.
- You must read and agree to the terms and conditions included in this rebate application.
- All rebates are subject to available funding.

How to Submit Rebate Application

You can apply one of two ways:

Online

For the quickest and most streamlined process, we encourage you to apply online at nmgcgetrebates.com.

Participating Contractors submit applications via the Contractor portal.

Email or Mail

Otherwise, you may complete this form and submit it, along with the required documents, via:

- Email: info@nmgcgetrebates.com
- Mail: NMGC Energy Efficiency Rebates
5600 San Francisco Rd NE Unit D
Albuquerque, NM 87109

Rebate Application Checklist

Before beginning, your Participating Contractor must:

- Conduct an inspection and test to determine the current system condition (not required for smart thermostats)

When submitting your rebate application, ensure the following is included:

- A clear, legible copy of the invoice that shows:
 - Participating Contractor's name
 - Customer's name and address
 - Installation completion date
 - Make and model of installed measures
 - All services provided
 - Total project cost, including labor
 - If the Participating Contractor is submitting the application via the Contractor Portal and receiving the rebate, the rebate value must be listed as a discount/credit
 - **If the rebate will be issued to the Participating Contractor, both the customer and Participating Contractor must sign the invoice**
- The following two photos for each appliance or product you're replacing (not required for furnace tune-ups):
 - Clear image of the appliance or product being replaced.
 - Clear, legible image of the manufacturer tag, including model and serial number, of the appliance or product being replaced, if available.
- A copy of the AHRI certificate (not required for smart thermostats)
- If receiving a furnace tune-up:** A completed Contractor Furnace Tune-up Checklist or tune-up report, along with a copy of the combustion analyzer test.
- Rebate Application with all required fields completed, including signatures
- If you rent your business space where the measures are being installed:** [Landlord Authorization form](#) completed by the property owner or landlord

Rebate applications must be submitted within 30 days of project completion. Rebate applications that are incomplete or missing required documents will delay or disqualify processing. If rebate application is approved and rebate funds are still available, you can expect to receive your rebate funds within 6 to 8 weeks of the application's approval.

Terms and Conditions

New Mexico Gas Company’s commercial customers consuming 6,500 therms or less annually are eligible to receive rebates for the purchase and installation of measures listed above. Installation and/or service must be completed at a qualifying commercial location that receives New Mexico Gas Company’s gas service, as evidenced by an active New Mexico Gas Company’s customer account number. New construction projects and/or additions to existing buildings do not qualify for

Small Business Space Heating Rebates. Measures must be purchased on or after April 1, 2026, and must be installed by March 31, 2027. All 2026 Program rebate applications must be submitted within 30 days of project installation, and no later than April 30, 2027. Rebate applications will be processed and paid on a first-come, first-served basis, while funds are available. Rebate will be processed in approximately 6 to 8 weeks. Program Terms and Conditions are subject to change without notice. Franklin Energy Services, LLC implements this program on behalf of New Mexico Gas Company.

For more information, please contact the New Mexico Gas Company Energy Efficiency team

Limitations of Liability

To the fullest extent permitted by applicable law, neither Franklin Energy Services, LLC, New Mexico Gas Company, nor any of their respective parents, subsidiaries, affiliates, officers, directors, employees, agents contractors, subcontractors, representatives, successors, or assigns (collectively, the "Released Parties") shall be liable to any customer, participant, or third party for any indirect, incidental, consequential, exemplary, or punitive damages, including without limitation, damages for lost profits, loss of goodwill, loss of use, loss of data, business interruption, or any other intangible loss, arising out of or in any way connected with the New Mexico Gas Company's Rebate Program (the "Program"), these Terms and Conditions, any rebate application or claim, the approval, denial, processing, or payment of any rebate, the purchase, installation, use, operation or performance of any product or service eligible for or purchased under the Program, or any other act or omission of the Released Parties, whether based in contract, tort (including negligence), strict liability, warranty, statute, or any other legal theory, and even if a Released Party has been advised of the possibility of such damages.

IN NO EVENT SHALL THE TOTAL AND AGGREGATE LIABILITY OF THE RELEASED PARTIES TO ANY CUSTOMER OR PARTICIPANT FOR ALL CLAIMS ARISING OUT OF OR RELATING TO THE PROGRAM OR THESE TERMS AND CONDITIONS EXCEED THE AMOUNT OF THE REBATE ACTUALLY PAID TO SUCH CUSTOMER OR PARTICIPANT UNDER THE PROGRAM, IF ANY. This limitation applies even if the customer's sole or exclusive remedy is deemed to fail of its essential purpose.

BY PARTICIPATING IN THE PROGRAM, YOU ACKNOWLEDGE AND AGREE that the Released Parties have no control over, and assume no responsibility or liability for, the quality, safety, merchantability, fitness for a particular purpose, installation, operation, performance, or any defects in any products, equipment, or services purchased or installed in connection with the Program. Any claim regarding such products, equipment, or services must be directed exclusively to the manufacturer, seller, or installer.

Customer Acknowledgement and Signature

I hereby certify that all information on this form is accurate, including customer and purchase information, and that eligible measures have been installed at the location listed on this form. I have read all terms and conditions on this form and acknowledge that New Mexico Gas Company may verify all information provided on this form.

Customer Signature

Date

Customer Name (please print)

Rebate Payment Agreement
