

# Rebates up to \$375

for upgrading your gas furnace or boiler

New Mexico Gas Company is offering **rebates from \$200 to \$375** when you install a high efficiency gas furnace or boiler with an AFUE rating of 92% or higher in your home.

## Benefits of choosing an ENERGY STAR® gas furnace or boiler

- **Energy and money savings.** A high efficiency gas furnace or boiler is at least 12% more efficient than standard models, so you'll save on energy costs year after year.
  - **Enhanced comfort.** Models with AFUE ratings of 92% or greater can help you save energy and money while improving the comfort of your home.
  - **Improved safety.** High efficiency gas furnaces and boilers are designed to reduce the risk of backdrafting dangerous carbon monoxide exhaust into your home.
  - **Increased durability.** Designed with advanced technologies and high-quality components, these systems often last longer and have longer warranties than standard models.
  - **Rebates available.** Get up to a \$375 rebate on your purchase when you use a licensed and insured participating contractor.
