

Rebates up to \$675 for installing a combination boiler/water heater

New Mexico Gas Company is offering rebates from \$425 to \$675 when you install a high efficiency, ENERGY STAR® certified combination boiler/water heater with an AFUE of 92% and a UEF of .87 or greater in your home.

Benefits of choosing an ENERGY STAR combination boiler/water heater

- **Increased efficiency.** These combination water heaters bring low running costs and energy efficiency, since you are not paying to continuously heat water in a tank.
 - **Unlimited hot water.** With no water tank to heat up, combination boiler/water heaters can provide an unlimited supply of hot water on demand.
 - **Space-saving design.** Combining both a water heater and a central heating boiler into one compact unit saves you significant space in your home.
 - **Rebates available.** Get up to a **\$675 rebate** on your purchase when you use a licensed and insured participating contractor.
- ▶ To learn more about NMGC rebates, and find a participating contractor, visit nmgcgetrebates.com or call **1-888-NM-GAS-CO** (1-888-664-2726).
