

Get a \$50 rebate when you install a new smart thermostat

New Mexico Gas Company offers a **\$50 rebate** when you purchase and install a qualifying ENERGY STAR® Wi-Fi enabled smart thermostat.

How It Works

- **Purchase** an ENERGY STAR smart thermostat from a participating contractor, a local retailer or online.
- **Install** your new smart thermostat yourself or find a participating contractor to install your equipment at nmgcgetrebates.com/find-contractor.
- **Gather** your documentation, including your invoice, and manufacturer and model number.
- **Submit** your rebate application at nmgcgetrebates.com/smart-thermostat.
- **Get your rebate** in 6–8 weeks.

Benefits of choosing an ENERGY STAR certified smart thermostat

Automate your home energy use around your schedule, preferences, and even the weather with a smart thermostat. Easily control and monitor your heating and cooling from anywhere, so you stay comfortable when you're home and save energy and money when you're not.

You'll also get:

- **Energy and money savings.** Being smart about how you control your temperature settings will help you save money and stay comfortable.
- **Convenience.** Many smart thermostats learn your temperature preferences and establish a schedule that automatically adjusts to energy-saving temperatures when you are asleep or away.
- **Control.** Smart thermostats allow you to control your home's heating and cooling remotely through your smartphone.
- **Available rebates.** Get a **\$50 rebate** when you or a licensed and insured participating contractor install a smart thermostat in your home.

► **Talk to your contractor to learn more.**

Equipment must be purchased on or after April 1, 2023, and installed by March 31, 2024. Rebate applications must be received by April 30, 2024.
