

Rebates up to \$1,000 for upgrading your attic or roof and crawl space insulation

New Mexico Gas Company is offering rebates, **up to \$1,000**, when you have a participating contractor add insulation to your home's attic or roof and crawl space.*

Tiered rebate amounts are available depending on the R-Value of your existing insulation. Higher R-values indicate better insulating properties. Ask your contractor for more information.

Attic or Roof Insulation: Tier I

Rebate of 40% of the cost, up to \$800

- Existing insulation is R-11 or less (usually 4 inches of insulation or less)
- Addition of R-19 insulation or greater (usually 6 inches or more)

Attic or Roof Insulation: Tier II

Rebate of 40% of the cost, up to \$500

- Existing insulation is between R-12 and R-19 (usually 4 to 6 inches of insulation)
- Increase of total insulation to R-38 or greater

Crawl Space Insulation

Rebate of \$200

- No existing insulation
- Addition of R-19 insulation or greater (usually 6 inches or more)

*New construction projects and additions to existing homes do not qualify for insulation rebates.

Benefits of upgrading your home's insulation

- **Energy and money savings.** ENERGY STAR® estimates that you can save up to 20% on heating and cooling costs by sealing and insulating your home.
- **Improved comfort.** Insulation helps retain the heat in your home during the winter and keeps your home cooler in the summer months. The attic is the easiest place to add insulation to improve the comfort and energy efficiency of your home.
- **More is better.** Insulation levels are specified by the R-value, a measure of the insulation's ability to resist heat passing through it. The higher the R-value, the better the insulating performance.
- **Rebates available. Get a rebate up to \$1,000** when you use a licensed and insured participating contractor to upgrade your insulation.

► **Talk to your contractor to learn more.**

Equipment must be purchased on or after April 1, 2023, and installed by March 31, 2024. Rebate applications must be received by April 30, 2024.
