A Natural Choice.

Benefits of choosing an ENERGY STAR combination boiler/water heater

- **Increased efficiency.** These combination water heaters bring low running costs and energy efficiency, since you are not paying to continuously heat water in a tank.
- **Unlimited hot water.** With no water tank to heat up, combination boiler/water heaters can provide an unlimited supply of hot water on demand.
- **Space-saving design.** Combining both a water heater and a central heating boiler into one compact unit saves you significant space in your home.
- **Rebates available.** Get up to a **\$675 rebate** on your purchase when you use a licensed and insured participating contractor.
